HOLIDAY ACTIVITIES (2020-21)

CLASS LKG TO IX

GAMES

1. Draw some simple puzzles, dot to dot shapes, crosswords etc., in your child's rough note and help the child to complete the task. It helps to engage child in useful manner, improves child's memory, attention, concentration, problem solving skill, processing speed or flexibility of thinking.

Examples are given below:

2. DOT TO DOT
Example:

3. Set up a treasure hunt:

- Treasure hunts are pretty easy and depending on how many items there are, could last a while.
- Hide anywhere from 10 to 20 items around the house to keep kids occupied for a few hours.
- Hide some useful things and ask the child to spell the name and use of that thing once he/she found.

4. Have an indoor picnic:

Grab a sheet, whatever food you have, and enjoy a living room picnic. You can even play that memory game at the same time:

"I'm going to picnic and I'm bringing" Each person takes turns remembering (in order) what everyone is bringing and then adds one thing each turn.

5. Practice opposites:

Playing the opposites game is an educational exercise for toddlers. You say "in", they say "out", you say "on", they say "off"

6. Sorting Colours:

This game helps cognitive development.

Things needed

Bowls, Marbles or small items of different colours

How to Play

Mix up items of all the colours together. Now ask your toddler to sort items of the same colour and put them each in a different bowl.
